Access Securepak CD Creator

Search through millions of song titles to create your custom CD

For only \$20.07, you can purchase a customized CD with up to 10 of your favorite songs. We strongly suggest you list at least FOUR alternate songs. If you select a song(s) that is not available, we will use your alternate song(s) as a replacement. In addition, a refund will not be provided if your 10 songs exceed the CD track length. You may check the box below if you do NOT want to receive a CD without the maximum allotted number of 10 songs. Please note that the CD will hold a maximum of 4,280 seconds of recorded songs. Please adhere to this limitation when selecting your songs.

Due to our Customized CD Program's unique nature, all CD sales are final (unless defective). If a non-defective CD is mistakenly returned, you will have 30 days to inform us of the correct location where the CD needs to be sent. You will then be charged a processing fee of \$4.00, and your CD will be delivered promptly to the new location.

If a song on your CD has been downloaded incorrectly, the CD should be returned to the Property Officer at the facility. After confirming that the CD had a defective song, we will replace the entire CD and update it with the correct song. However, if the song was downloaded properly and did not contain a defect, we will reship the CD and you will be charged a processing fee of \$4.00.
